

Housing Authority of the City of Russellville

115 S Denver Ave

Russellville, AR 72801

PH: 479-968-5440

Fax: 479-967-5493

NOTICE TO ALL RESIDENTS

Our maintenance staff will be changing filters on all heating and air conditioning units on the following months to ensure that our HVAC system works properly: January, March, May, June, July, August, September, & November.

This will be scheduled between the second and third weeks of the month. If you want to be present when the filter is changed, you must call the PHA to be informed of the specific date that the filters will be changed. If you do not call, maintenance will enter the unit whether or not you are at home. They will assess the utilities and check for repairs and pest control. You can call 479-968-5440 between the hours of 8:00am and 4:30pm for the date maintenance is scheduled for your units.

Thank you,

Housing Authority of the City of Russellville
